To,

The Chief Secretary to
the Government of Mysore

Sir,

I have the honor to solicit that you will obligingly obtain the sanction of the Dewan to Establish a Municipality in the Kasba village of Sheravanabelagola. The people have all petitioned praying for a municipal organization for the better conservancy and cleanliness of the place. Their application which is supported by the Amildar is herewith forwarded. You are aware that the place is at present very dirty

though it contains many large and costly built houses. It contains 468 houses with a population of 1700. It is a place of pilgrimage for Jain community and devotees of that sect visit from all parts of India. It also attracts a large number of European and native tourists who go to see the celebrated Jain Statue. Cleanliness and Sanitation of such a place is an this consideration also a point of great importance. The place contains a large number of "Sales" or places where brass vessels are made, and this circumstance in no small measure tends to increase

the fulfilment of the place.

Sir,

In reply to Government Proceedings No 8878/348 dated 12th February 1890 regarding the establishment of a municipality in the Sravanawella Pattu I have the honor to state that there are 282 houses in the village in question and that a Municipal house tax of Rs 303-8- can be collected under

the Municipal rules. A sum of

Rs 59 is now got from taxes under other heads such as "shops" "carts" and oilmills. The total income may be estimated to be four hundred every year.

The Conservancy establishment will have to depend on the income and requirements of the place.—

Having regard to ~~the~~ 0010001 income three Sweepers could be entertained at a Cost of Rs 18 per month and the balance of 200 could be set apart for annual Construction of street drains and latrines.

There is a Parbhutteyar paid from the Revenues of the Income villages to look after the collection of Revenue of these villages on 1.12.

rupees pay per mensem. He can enforce work from the menial establishment.

Owing to the incapacity of the Swami of the Math to manage the affairs of the estate an agency was originally appointed Consisting of two members I believe. Misunderstanding arose between these two and the village was split up into factions and there was mis management in Consequence of which Complaints of bad administration became very frequent. The villages were then taken under the direct management of Government officers and has been so nearly during the

last twenty years or more. The place is frequently visited by European travellers and men of note in India on account of its notoriety as a seat of Jain religion whose Mane is the image of Gomateswara renowned in Southern India, and the filthy condition of the place is a standing cause for dissatisfaction. I enclose the Standing Committee's estimate of house tax and the report of the Amildar showing the present Inchaturpa collection under other heads. —

Sir,

With reference to the Correspondence ending with your No. 13413/370 Dated 23rd February 1891 regarding the Establishment of a Municipality at Gramana-belagola, in Channarayapatna Taluk, I have the honor to submit herewith a statement showing the probable income from the Mohatarfa taxes and other miscellaneous items of the Town. A sum of Rs 250-4-11 as being the moiety thereof could be obtained for the Municipality.

2 — There is no pound in the village

village at present. If it is considered necessary later on, arrangements will be made for establishing one, which may give an additional income of about Rs 50 per annum.

3— A statement showing the Establishment to be entertained is also enclosed. Provision for 3 sweepers and a peon is made together with the allowance to be given to the Gumasta in the Salukhutcherem. The total Cost would be Rs 240.

4— The Construction of V. shape drains and road repairs will have to be arranged in Course of 2 or 3 years when funds — become available therefor. But the service of the sweepers will also be utilized for the time being for attending to the petty repairs of roads such as the filling in of ruts and excavating side and shoulder drains to carry off the rain water and thus avoid damage to the present Condition

of

of the roads.

5 —— A list showing the official and non official members to be nominated is also submitted. —

6 —— I request you will please to obtain early sanction of Government as the Constitution of a Municipality in this town is a preping measure Considering the filthy Condition and present insanitation of the Town which is a prosperous trading place. —
